Greetings all:

THANK YOU for agreeing to be part of the "Thinking About Grad School" panel last night (Thu., 10/19). We had a wonderful turnout of students (20 total), and the information that you each shared was very helpful. Each of you were honest about your grad school experiences – sharing the good, bad, and what required perseverance and patience – and that quite possibly was the most valuable message. A special thanks goes to Alyssa for moderating the event.

We look forward to continuing this event in the coming years, and we hope you can join us again!

Best,

Courtney
