Dear Professors Brownfield (chair), Haller, Kiesow, Rojas, Johnson and Fouberg,

Thank you for volunteering to serve on the MJ/Facilities Committee for the College of Arts and Sciences during the 2018-2019 academic year. I believe this initiative helped put forth some ideas for thinking through how MJ and other spaces might be utilized and/or repurposed following the opening of the new Science Building. I hope there will be some more substantive conversations in that direction during the next academic year and see this Committee as playing a key role in ensuring the interests of the College and its programs are front and center.

Thanks again!

Sincerely,
